E-LEARNING TRAINING

Emergency and fire awareness

Knowing how to respond in an emergency can be the difference between life and death. Making informed decisions is vital as every second counts in both fire and other emergencies, whether at work or at home.

The course explores causes of fire, the fire triangle, fire evacuation plans and responding to other emergencies..The skills learnt will help you to develop a greater understanding of fire risks, fire equipment and how to respond in the case of various emergencies.

This course focuses on:

- Health and safety signage
- Causes of fire and the fire triangle
- Responding to an emergency
- Types of fire extinguishers and how to use one
- How to assess an emergency.
